

TECHNICAL DATA SHEET

NAT BANANARAMA

Natural fruity-lactonic cosmetic fragrance base with ripe banana, coconut milk and creamy tropical softness

1. PRODUCT IDENTIFICATION

Product name	Nat Bananarama
Raw material type	Fragrance base / natural fruity-lactonic cosmetic base
Olfactory family	Fruity / Tropical / Lactonic
Odour profile	Ripe banana, creamy banana, coconut milk, tropical fruit, sweet fruity-lactonic nuance and a soft, enveloping character
Position in fragrance	Middle note
Application	Fragrance and cosmetic formulations, body-care and hair-care products, tropical fruit compositions and sweet cosmetic formulations
Raw material origin	Natural
Ingredient category	Cosmetics Collection

2. OLFACTORY CLASSIFICATION AND ODOUR PROFILE

Nat Bananarama is a natural fragrance base from the Cosmetics Collection, developed for cosmetic and fragranced formulations with a sweet, tropical and fruity-creamy character.

Its odour profile is built around creamy ripe banana, coconut milk and an enveloping fruity-lactonic nuance. The accord is soft, sweet and tropical, with high cosmetic appeal and an easily recognisable banana-tropical signature.

3. FUNCTION IN FRAGRANCE COMPOSITIONS

Nat Bananarama functions as a middle note. It contributes fruity fullness, milky softness and a creamy tropical effect. It is particularly suitable for products intended to have an approachable, pleasant and contemporary fruity odour profile.

4. APPLICATION AND COMPATIBILITY

It is suitable for body-care and hair-care products, body lotions, shower gels, body milks and butters, shampoos and conditioners, tropical fruit compositions, banana-coconut accords, and sweet, creamy cosmetic fragrances.

It combines well with coconut, coconut milk, vanilla, tonka bean, caramel, milky accords, pineapple, mango, peach, pear, strawberry, white musks, sandalwood and soft gourmand bases. Compatibility is very good with fruity, tropical, coconut, milky, lactonic, vanilla, gourmand, musky and creamy cosmetic accords.

TECHNICAL DATA SHEET

5. RECOMMENDED USE

Recommended use in fragrances	Not specified in the supplied technical data
Body-care products	According to the IFRA limit for the relevant product category
Hair-care products	According to the IFRA limit for the relevant product category
Body lotions and milks	According to the IFRA limit for the relevant product category
Shower gels	According to the IFRA limit for the relevant product category
Shampoos and conditioners	According to the IFRA limit for the relevant product category
Tropical fruit compositions	According to the IFRA limit for the relevant product category
Banana-coconut accords	According to the IFRA limit for the relevant product category

The permitted concentration must be checked against the current IFRA certificate for the relevant final product category. Owing to its pronounced banana-tropical character, gradual dosing is recommended. At lower levels it provides a gentle fruity and creamy nuance, while at higher levels it may form a dominant ripe-banana and coconut-milk accord.

Preliminary testing of compatibility, stability, colour and odour profile in the final formulation is recommended.

6. PHYSICAL AND TECHNICAL DATA

Appearance	Liquid
Colour	Not specified in the supplied technical data
Odour	Fruity
Olfactory character	Sweet, tropical, fruity, creamy, lactonic and enveloping, with notes of ripe banana and coconut milk
Density at 20 °C	Not specified in the supplied technical data
Refractive index at 20 °C	Not specified in the supplied technical data
Flash point	Not specified in the supplied technical data
Solubility	Not specified in the supplied technical data

TECHNICAL DATA SHEET

7. STABILITY AND COMPATIBILITY

Stability data are not specified in the supplied technical information. The material is highly compatible with fruity, tropical, coconut, milky, lactonic, vanilla, gourmand, musky and creamy cosmetic accords.

Compatibility, stability, colour and odour profile must be confirmed in the intended final formulation and packaging.

8. REGULATORY DATA AND STATUS

Intended use: Professional use in fragrance and cosmetic formulations.

Vegan status: Vegan; does not contain ingredients of animal origin.

GMO status: GMO-free; does not contain GMO.

IFRA status: Refer to the current IFRA certificate and apply the restrictions for the relevant product category.

9. STORAGE AND SHELF LIFE

Storage conditions and recommended storage temperature are not specified in the supplied technical data. Store in the original, tightly closed container and follow the manufacturer's current documentation.

Recommended storage temperature: Not specified in the supplied technical data.

Shelf life: 24 months under appropriate storage conditions.

10. SAFETY INFORMATION

For professional use only. The current IFRA certificate and Safety Data Sheet (SDS) must be consulted before use. Avoid direct contact with skin and eyes and use appropriate personal protective equipment.

11. DISCLAIMER

The information in this Technical Data Sheet applies to the raw material described and is based on the supplied technical data. The user is responsible for verifying suitability, stability, safety and regulatory compliance in the intended formulation, application and target market. This document does not constitute regulatory approval or a guarantee of the properties of the final product.
